For all your sewing and embroidery needs

The Innov-is 1250D has everything to appeal to your embroidery, quilting, home furnishing and dress making needs.
With so many great features you'll enjoy the huge range of creative possibilities the Innov-is 1250D has to offer.

Wide variety of built-in embroidery patterns

Start embroidering right away with any of the 136 built-in embroidery patterns found on the Innov-is 1250D. Choose from florals, 35 designs featuring Disney characters, animals, geometrics, seasonal designs and much more.

Built-in embroidery frames

Put the finishing touch to your embroidery with an elegant frame. Choose from 10 frame shapes and 12 border styles. Combine with lettering to create an elegant monogram.

Built-in font styles

Built-in font styles make it easy for you to personalize all your embroidery projects.

- 6 fonts
- 3 sizes

LCD display screen

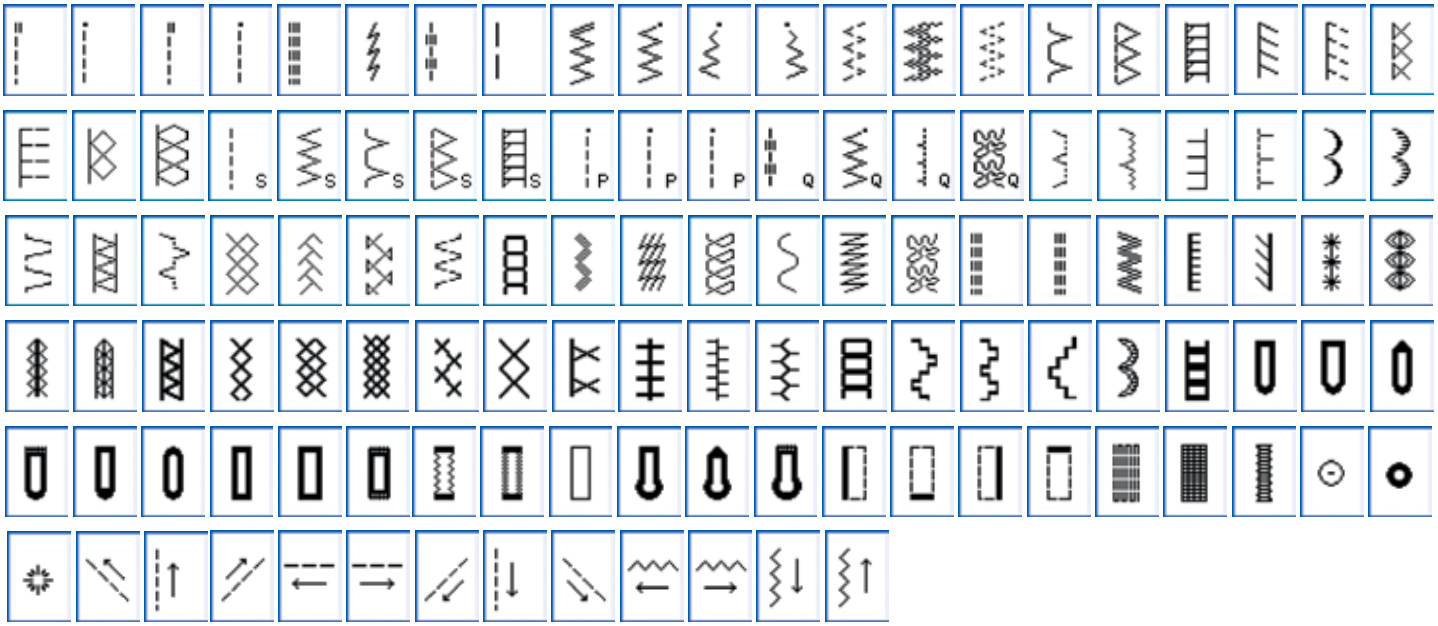
Manage all the functions with a simple touch of the easy to use monochrome LCD Screen.

Functions to assist your creativity with embroidery

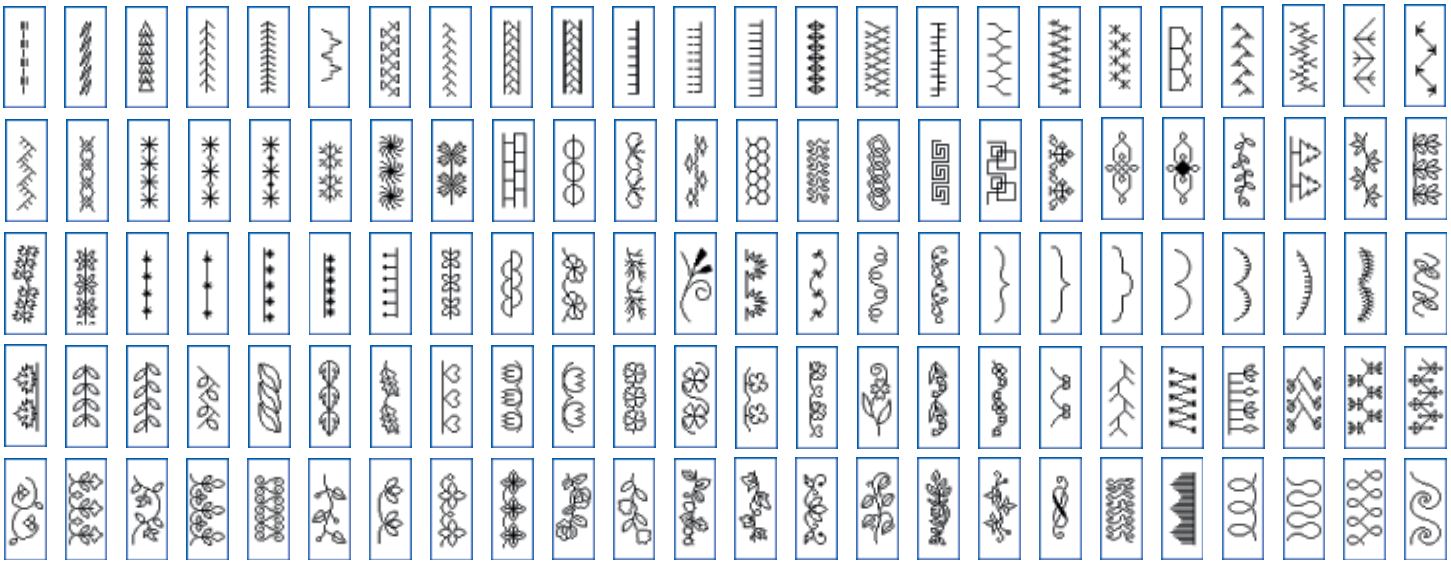
- Fast embroidery and sewing speed
- Embroidery editing with optional USB mouse control
- An instructional LCD touch panel
- Superior fabric management with exclusive walking foot and seven feed dogs, puts you in control
- Fabric sensor detects the thickness of the fabric, and adjusts the thread tension to the most appropriate setting

With hundreds of built-in sewing stitch combinations, including a range of utility stitches from blind hems to large decorative patterns, the Innov-is 1250D lets you select the right stitch for every application.

184 Built-in sewing stitches



480 Decorative Stitches *Some designs can be stitched in different widths or sizes, which are not shown on this list.



Only Brother Brings you the Disney difference with 35 popular characters for you to Embroider.

© Disney© WINNIE THE POOH elements based on the works by A.A. Milne and E.H. Shepard.

Sideway feeding

Sideway feeding is very helpful to attach appliqués to fabric that cannot be moved around, such as cylindrical pieces.

Automatic upper thread tensioning

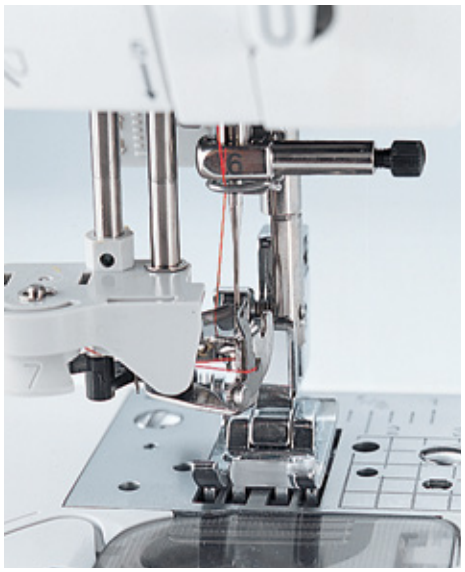
The Innov-is 1250D automatically adjusts the thread tension to create beautiful even stitches on any fabric.

Presser-foot pressure adjustment

Simply adjust the pressure applied on the presser foot for the weight of the fabric you wish to sew.

Advanced and easy to use threading system

With its advanced automatic needle threading system, the Innov-is 1250D makes threading the machine and the needle effortless. Also for ease of use, all operating buttons are on one convenient panel. Buttons include built-in scissors, reverse/reinforcement button, needle position up or down and start/stop.



Instantly import patterns from Brother Memory Cards

instantly import embroidery designs from Brother Memory Cards using the card slot in the Innov-is 1250D.

USB port

It is so easy just insert a USB memory stick and import your embroidery design directly into the machine.

Large embroidery area

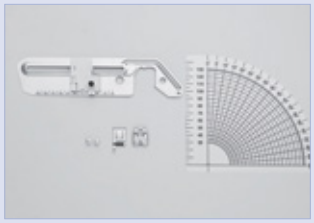
The Innov-is 1250D has a 180 x 130mm embroidery area so you can create even more intricate designs.

- The extra large 300 x 130mm multi-position embroidery frame is also included
- Multi-positional embroidery

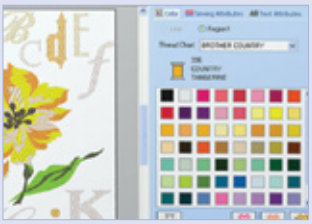
Optional accessories

Wide table
For easier handling of larger sewing and quilting projects.

Embroidery card library
Hundreds of fantastic patterns to choose from!



Circular attachment
Create precise circles with a radius ranging from 30mm to 130mm. A great tool for creating circles with straight stitching, zigzag, embellishing and decorative stitches.



PE-DESIGN
Brother's range of embroidery design software offers features to suit all, from beginner to advanced users.

Embroidery threads
Large collection of high quality embroidery threads.
